Internships | Certifications

Junior Java Developer Intern | June 2025

Globallogic , Noida, UP

- **Java Development Certification – Harisa It Services**
  Trained in Core Java, OOP, collections, exception handling, and multithreading.
- **Java Specialization Certification – Mega Career Institute**
  Covered JDBC, Servlets, JSP, and database integration for backend development.
- **Advanced Java Development Certification - Udemy**
  Covered Spring Boot, REST APIs, Hibernate/JPA, and backend practices.

SKILLS

- **Programming Languages:** Java, Python
- **Backend Technologies:** Spring Boot, Hibernate, Restful APIs
- **Web Technologies :** HTML, CSS, JavaScript
- **Databases :** MySQL
- **Tools & Technologies:** Git, GitHub, Maven, Intellij IDEA, VS Code

Hands-on Projects

1. **Online Banking Management System**
   Technologies: Java, Spring Boot, Hibernate(JPA), MySQL, REST APIs, Maven, GIT.
   Developed a secure backend application using Java and Spring Boot to handle core banking functionalities including user authentication, count management,fund transfers, and transaction tracking.
2. **E-Commerce Backend System**
   Technologies: Java, Spring Boot, Hibernate(JPA), MySQL, REST APIs, GIT.
   Developed a scalable and secure backend application for an e-commerce platfrom using Java and Spring Boot, implementing RESTful APIs for user authentication, product management, cart operations, and order processing.
3. **Online Job Portal Backend System**
   Technologies: Java, Spring Boot, Hibernate, MySQL, REST APIs
   Designed and built a Java Spring Boot backend application to manage Job postings, user profiles, and Job applications through RESTful APIs. Integrated Hibernate with MySQL for efficient data persistence and optimized database operations.

Software developer fresher with hands-on experience to java backend development through internships, certification, and Java Full Stack training at Qspiders. Strong understanding of Core Java, OOP principles, Spring Boot, RESTFUL API design, Hibernate/JPA, and MySQL. Seeeking an entry-level role to implement scalable backend solutions, write clean maintainble code, and grow within a collaborative engineering environment.

EDUCATION

Masters of Computer Applications (MCA) | 2023-2025 IMS Engineering College (AKTU) Ghaziabad

Bachelor of Computer Applications (BCA) | 2020-2023 Hierank Business School (CCSU) Noida

12th (Commerce),
CBSE - 2020 | RSBV, Delhi

10th, CBSE - 2018 |
Updhyay convent School, Delhi
